I came to Washington for the express purpose of protesting against this proceeding, which we consider as unjust and defamatory to the ability of American marine engineers, and I trust that you will be good enough to make the necessary correction and set me straight before the public and the pro-fession which I have the honor to represent."

This tract of land is improved by a large ten-room dwelling house with basement, large barn with basement, three tenant houses, large orchard, shade trees and beautiful shrubbery, with mannificent view of the city of Washington. This grand place was the suburban home of the illibstrious Caleb Cushing while he was in official life at Washington, and the trees and sirubbery that he planted there are now in their fully developed beauty.
